We organize wolf driven hunts over three days, with the possibility of encountering and harvesting several wolves. Driven hunts are organized over three days, the first with 40 - 50 drivers and local hunters (who can also hunt wolves), while the other two days with a dozen drivers in areas where wolves usually stay during the day. In the evenings, wolf hunts from the blind are organized on 5 different baits in the area. Driven hunts are organized for groups of 5 to 8 hunters.
